EDUCATION.

The following was written by a pupil of the Eighth grade, Stanford Graded School:

Our system of public schools is one of the grandest institutions of our land. It places within the reach of all, sex, color or previous condition of servitude the opportunity of securing a common school education. The State taxes its citizens and provides a system of public schools for the benefit of every one between the ages of six and 20. The golden opportunity of life is presented to each and every one when they arrive at the age of six. They then have the privilege of attending school in their own neighborhood free of charge. How many do attend and acquire a common school education? Canvass the whole country and you will find multitudes of people who have not this education, and even some who can neither read nor write their own names. A sad, but true condition. There are only two valid reasons why every person has not an education. They either neglect to attend school or fail to apply themselves when in attendance. "Opportunity never comes twice." There are some parents so thoughtless and unconcerned that they fail to have their children attend school regularly. Look in our own community. Parents for trivial reasons are keeping their children at home and robbing them of that which makes them poor indeed. Others are so selfish, greedy and penurious that they keep their children at home for the small amount of labor they can do or material profit they can bring. Some go so far as to permit their children to stay at home because they have been punished by the teacher for some mischief they have done. Pity is due both child and parent. The duty of the parent to send his child to school is one of great importance. If he fails to do his duty he does his child an everlasting injury and is largely responsible for his conduct and failure in life. Would that every parent realized this glowing truth.

There are some pupils who might attend school all their lives and would not accomplish anything of great value. They do not make the necessary application. They scarcely ever study but are interested in some kind of fun or amusement instead of the real object of school. They throw paper wads and mud balls between the rooms, write notes to each other or create confusion in any possible way. They are always watching the teacher and are in some mischief as soon as his back is turned. Not only do they deprive themselves of an education but in a great measure they interfere with others who are striving for success. Abraham Lincoln gained most of his penmanship by writing on a smooth board with a piece of charcoal and planing off for another copy. Today are there any so poor that they can not buy paper and pencil? Rarely; and if so there is a fund for such. Benjamin Franklin obtained knowledge by borrowing books at night and returning them in the morning. Now with greatly reduced prices, books are in the reach of nearly everyone.

The time has arrived when a man without an education can take only a very small part in the business affairs of the world.

When a person starts out in life without an education he naturally joins the army of toilers and drudgers and can scarcely hope for promotion. Nearly every day you see men working side by side; one of them is promoted to a higher and better position while the other remains the same and is never promoted. Investigating the matter one will find that the man promoted had an education and was prepared, while the other was unprepared.

Then comes the consolation to those who strive for an education. They may assure themselves that the number of competitors is not great and success is most certain. They may know that education is the chief promoter of civilization and the foundation of good morals, the cornerstone of all great discoveries and inventions. They may enjoy the happiness of that high intellectual plane but should always remember their less fortunate friends and lend a helping hand to those of inferior attainments.

Now and Then.

Some thorough and careful physician invents, in his practice, some special medicine, that proves so universally successful whenever prescribed, that he proceeds to place it before the public to be reached by the newspapers. This is the history of Dr. Caldwell's (laxative) Syrup Pepsin. For years, prescribed by Dr. W. B. Caldwell for constipation, and all disorders of liver, stomach and bowels, it was at last manufactured on a large scale, and is now the most successful medicine in the world for these diseases. A pure, scientific tonic, laxative, syrup; pleasant to take and perfect in results. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

WAYNESBURG.

In the near future the Q. & C. will enlarge our depot and erect a section house, build stock pens and make other improvements in our town.

Miss Bessie Singleton, of Kingsville, is visiting her sister, Mrs. C. C. Gooch, who is ill. Ed McDaniel and Oscar Choate, of Burnside, were here Sunday.

J. M. Johnson shipped a car-load of potatoes, hams and other produce to Stearns. We hope Brer Johnson will continue his good work as there seems to be no end to our resources so far as eatables are concerned.

Rev. R. R. Noel will fill his appointment here Saturday and Sunday. Our Sunday school is progressing nicely under the management of W. R. Singleton, our superintendent. This is no surprise to any who know him, as "Hickory Bill" is one of the most influential citizens in our town.

L. G. Gooch is back from Lexington, where he was called to meet the officials of the C. S. M. G. Reynolds is back from Somerset. Eugene Gooch left for Louisville, where he has accepted a position as lumber inspector. F. S. Gooch, our clever hotel man, is contemplating moving to Burnside to go into business. Miss Lela West, who has been visiting friends and relatives in Lexington and Cincinnati, returned Sunday. Arthur Caldwell and bride have moved into the house vacated by T. D. Williams. M. S. Matthews, our agent, has rented his property to W. L. Singleton. Joel Phelps, our ex-postmaster, is ill with pneumonia. Mrs. Pitman has been very sick but is improving. S. H. Gooch is confined to his room with a sprained limb. It has completely knocked him out so far as shipping ties is concerned. Taylor Wesley has been elected record keeper for the K. O. T. M. at this place. This will make considerable work for our clever postmaster as the "Bees" seem to be quite numerous here.

From Sunny California.

LOS ANGELES, CAL., Feb. 6th.—I take pleasure in sending you a line or two from the "garden spot." I trust I do not seem disloyal to Kentucky when I call this the "garden spot," but after a year in the mountains of Utah it truly suggests paradise. The weather is ideal and though the natives say this is the least attractive time of year I can scarcely believe it and I must say I should love to see it at its best.

Such a wealth of foliage and flowers one can not even imagine, but must see to appreciate. This is the place for those in search of health and pleasure. The mere fact that thousands of tourists come here every year and make it their winter homes speaks more for the place than any words of mine. I have asked dozens who live here or in the suburban towns and without exception they say they would live no where else and it is hardly to be wondered at. The beauty of the country and the perfect climate the year around will account for that. Then boom and bustle appeal to those with an eye to business.

I noticed on a real estate poster the other day that "You need not work in a mint to make money" and the real estate man can have a live time of it here. I am a little disappointed in the coast resorts but there are promises of improvement. Los Angeles has the finest city and interurban street railway system in the world. The tourists simply revel in riding from one point off interest to another and there are enough of them to keep one busy for a month and all worth the price paid to see them. In short there is only one objection to California, and that is it is a hard place to get to, but an ex-Kentuckian whom I met assured me that could be no real objection as no one who lived here ever wanted to get away, so there are evidently two points of view. I shall be here only long enough for my daughter to recuperate after an attack of pneumonia, possibly a month, and by that time the most of the winter, which has been an exceptionally hard one in Utah, will be over. I meet Kentuckians every day. The Denny Bros. are having no end of good luck at Ascot Park and Mr. and Mrs. James Woods, whom I knew in Danville are having a beautiful home built in the West End. I have no news of interest and as words are not adequate to describe California, I had best bring this to a close.

Respectfully,

ISABELLA BAILEY HARVIELLE.

Commonwealth's Attorney John R. Allen, of Lexington, will soon announce his candidacy for congress.

The House passed the pension appropriation carrying \$139,000,000 for pensions and \$1,245,000 for administration. Ben Johnson, at present State Senator from Bardstown, has announced his candidacy for the Democratic nomination for Congress from the Fourth district.

It is now stated by those on the inside in Washington that the Louisville postoffice case will not be settled until about March 1. It is conceded that Dr. Baker's chances are slim, and there are some who look upon A. T. Hert as the formidable "dark-horse" candidate.

The Special Committee appointed by the New York Life Insurance Company's trustees to investigate the affairs of the company, has made a partial report to the directors. The report deals only with the payments to Andrew Hamilton, and it sharply criticizes the methods of Hamilton and John A. McCall, recommending legal proceedings to recover sums paid to them.

BOTH operators and miners are preparing for a struggle to the death. Operators have stored 7,000,000 tons of coal and are building stockades around the collieries. The miners have \$3,000,000 in their strong box and they expect to double that amount by April 1st. About 3,000,000 persons are depending upon anthracite miners for their daily bread, and if a strike shall be declared some of them will be very hungry before it is called off or the operators succumb.

AN overwhelming majority of married men in the House will defeat the bill by Bachelor Bertie Adams providing the whipping post for wifebeaters, says a Washington dispatch. The President recommended the bill, and the Pennsylvania Bachelor Quixotically made a fight for it. The measure comes this week. It will get few votes and wife beaters may "operate" under existing restrictions.

THOSE Kentucky clerks at Washington who have constituted themselves into a committee to collect funds for the Powers defense, evidently feel insecure in their positions and want to pretend like they are busy. They might stand better if they attended more closely to the business for which they are paid, thinks the Kentucky State Journal.

If Editor Brown, of the Harrodsburg Democrat, will take the trouble to investigate he will find that \$42,000 is dead cheap for Crab Orchard Springs. A single of the four or five buildings cost nearly three times that much, to say nothing of the 80 acres of land, furniture, etc. Editor Brown should cast a weather eye out before he leaps.

LETTERS written by George Washington and Gen. U. S. Grant were sold at auction in New York, the former bringing \$85 and the latter \$23, which shows that the father of his country is still first in the hearts of the relic seekers.

LET other colleges emulate old Harvard's splendid example. Her faculty has announced that no more foot ball can be played there.

Six ministers preached the funeral of a Peoria, Ill., preacher. If he did not go to the good place it was no fault of the clergy.

THERE is money in office-holding. Collector J. A. Craft has just bought a \$15,000 residence in Louisville, says a dispatch.

WHEW, but Louisville is growing! There were 81 births and only 60 deaths there last week.

CHURCH MATTERS.

There will be the usual services in the Hustonville Presbyterian church next Sunday morning and night. Morning subject: "Homeward Bound." Evening subject: "The Star of Destiny."

While Brooks Bros. were holding their big revival at the Christian church in this city Rev. Stevens, a missionary supported by the Harrodsburg church, was holding a revival at Akita, Japan, which resulted in 45 additions. This mission church is now so strong as to be nearly self supporting, and within the next year another missionary will be placed in the field. A few weeks ago William J. Bryan, who is touring the world, spoke at a political gathering in Japan. Congregated before this distinguished American were many of the learned men of the empire, and some missionaries. Mr. Bryan said: "I have seen the earnest faces of these missionaries, and I feel that it is due them on this occasion to state that the Saviour whom they teach is my Saviour, too". The missionaries think that these words have uplifted their cause in that country and will result in unbounded good. —Harrodsburg Herald.

The contest election cases of Browning against Lovell for County Judge and Croley against Jones for Sheriff of Whitley were decided in favor of the contestants, Lovell and Jones, by Judge Jarvis in the Circuit Court. Lovell and Jones claimed to be the regular nominees at the last November election while their opponents were independent Republicans. It was the most exciting election held here in many years and the people of that county are greatly wrought up over it.

The Senate committee on charitable institutions, after a visit to the Kentucky Institute for the Blind at Louisville, decided to recommend an appropriation of \$15,000 for the school.

Three trainmen on the Northern Central railroad were instantly killed near Seitzland, Pa. While repairing a disabled locomotive an accommodation train dashed upon them.

The entire plant of the Poughkeepsie and Wappinger's Falls Electric Railway at Poughkeepsie was destroyed by fire. The loss is \$150,000, with \$80,000 insurance.

The G. A. R. Encampment of the Department of the Potomac adopted resolutions protesting against the display of Confederate flags on public occasions.

HUSTONVILLE.

The family of J. M. Eubanks is down with chicken pox.

Teams hauling from below Middleburg crossed Green River on the ice last week.

Dr. Carl Wheeler and wife left for Lexington Monday. The former has just returned from New York, where he attended lectures.

Miss Prill Newburn has accepted the position of matron in an oral school at Chicago, in which Miss Georgia Newburn, her sister, is teaching. She will leave this week.

Hill Spalding, of Louisville, spent Sunday here. Miss Clida Overstreet, of Bradfordsville, a niece of Rev. G. W. Mills, has come to make her home in our city and will complete her education in the Graded School.

A team of mules hitched to a wagon and belonging to James Yowell ran off Friday throwing Mr. Yowell out and dashing down Danville street ran into the vehicle of rural route carrier No. 2 and upsetting it. There were no serious results.

Rocks weighing from 10 to 40 pounds have been dumped on the Middleburg and McKinney pike, doubtless with good intentions, but instead of bettering the condition obstructs the highway, which is an indictable offense.

Our clever bachelor, Noah H. Bishop, has deserted his former associates and in Lexington on the 8th, was married to Miss Josie, handsome daughter of Joseph Coffey. The entire West End congratulates them and wishes happiness and success.

The Hustonville Dramatic and Minstrel Co. was organized Saturday with 15 members and elected Prof. R. S. Eubank manager, which insures a company of high entertainers. The company will render society dramas and light comedies together with the biggest and best minstrel festival ever given on the stage. Their opening at Alcorn's Opera House will be in about three weeks, the mere announcement of which will put standing room at a premium.

The Senatorial bill allowing the county courts to appoint road supervisors in each magisterial district is heartily approved by more than 90 per cent. of the voters of this district. Our commercial club will urge Senator Hubble and Representative Alverson to do all in their power for the passage of the bill, succeeding in which a banquet will be given them by the club upon their return home. It is not old fogeyism but wisdom, this appeal to our law makers to pass the bill.

The meeting of the Commercial Club Thursday night was attended by 30 members and the reports of the various committees on prospective plants resulted in arranging steps toward incorporating a pants and overall factory to cost not less than \$5,000 and to be established as soon as possible. Books for subscription will be opened this week and parties wanting stock can notify Dr. J. C. Barker. Shares will be \$25. Next meeting Feb. 22 at 7:30 in opera house.

Your recent article on old coins caused Mr. A. B. McKinney to investigate the age and nationality of an ancient product he has owned for many years but with is fairly well preserved, it being nearly 200 years old. It is a Spanish coin made in 1717, during the reign of King Charles III, son of Charles II, and was a great warrior and educator. In 1776 he joined France in sending aid to the revolting colonies in America. The coin bears the coat of arms of his reign and was a part of the money with which the soldiers were paid while assisting our colonies, thereby making it the most valuable souvenir in this part of the country.

Miss Mollie Walden entertained at her beautiful home "Violet Slope" on Friday evening a number of friends at a delightful "Spider Web Party." Among the guests were Misses Florence Tanner, Birdie Eads, Bertha Wallis, D. C. Allen, Thomas Wallis, Bowman Owens, Thomas Eads, Wm. Newell and Mr. and Mrs. S. M. Owens. The amusement of the evening was dramatized when Mr. Allen drew ticket No. 2, which read: Its sweet to be a bumble bee when ere you go a fishing"—to which the answer drew "But the violet is the only flower for which I'm always wishing." An elegant menu of all the delicacies of the season was imitatively served and greatly enjoyed and the evening will be long remembered by all present.

Men Past Sixty in Danger.

More than half mankind over thirty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." "The most sensational turf scandal of recent years was revealed last night says a New York dispatch, when it became known that E. E. Delmar, beat Lou Dillon. The gold cup, worth \$5,000, which Smathers won at that time, has been taken by a deputy sheriff out of Smathers' suite in the Pierrpont, and is now in the Sheriff's office."

Twice-Told Tales.

Some tales never lose in the telling, and the tale of good that Dr. Caldwell's (Laxative) Syrup Pepsin will, and does do, to all poor, dyspeptic, bilious sufferers, is one of them. BOTH operators and miners are preparing for a struggle to the death. Operators have stored 7,000,000 tons of coal and are building stockades around the collieries. The miners have \$3,000,000 in their strong box and they expect to double that amount by April 1st. About 3,000,000 persons are depending upon anthracite miners for their daily bread, and if a strike shall be declared some of them will be very hungry before it is called off or the operators succumb.

AN overwhelming majority of married men in the House will defeat the bill by Bachelor Bertie Adams providing the whipping post for wife beaters, says a Washington dispatch. The President recommended the bill, and the Pennsylvania Bachelor Quixotically made a fight for it. The measure comes this week. It will get few votes and wife beaters may "operate" under existing restrictions.

THOSE Kentucky clerks at Washington who have constituted themselves into a committee to collect funds for the Powers defense, evidently feel insecure in their positions and want to pretend like they are busy. They might stand better if they attended more closely to the business for which they are paid, thinks the Kentucky State Journal.

IF Editor Brown, of the Harrodsburg Democrat, will take the trouble to investigate he will find that \$42,000 is dead cheap for Crab Orchard Springs. A single of the four or five buildings cost nearly three times that much, to say nothing of the 80 acres of land, furniture, etc. Editor Brown should cast a weather eye out before he leaps.

LETTERS written by George Washington and Gen. U. S. Grant were sold at auction in New York, the former bringing \$85 and the latter \$23, which shows that the father of his country is still in the hearts of the relic seekers.

CHURCH MATTERS.

There will be the usual services in the Hustonville Presbyterian church next Sunday morning and night. Morning subject: "Homeward Bound." Evening subject: "The Star of Destiny."

While Brooks Bros. were holding their big revival at the Christian church in this city Rev. Stevens, a missionary supported by the Harrodsburg church, was holding a revival at Akita, Japan, which resulted in 45 additions. This mission church is now so strong as to be nearly self supporting, and within the next year another missionary will be placed in the field. A few weeks ago William J. Bryan, who is touring the world, spoke at a political gathering in Japan. Congregated before this distinguished American were many of the learned men of the empire, and some missionaries. Mr. Bryan said: "I have seen the earnest faces of these missionaries, and I feel that it is due them on this occasion to state that the Saviour whom they teach is my Saviour, too." The missionaries think that these words have uplifted their cause in that country and will result in unbounded good. —Harrodsburg Herald.

The contest election cases of Brown against Lovell for County Judge and Croley against Jones for Sheriff of Whitley were decided in favor of the contestants, Lovell and Jones, by Judge Jarvis in the Circuit Court. Lovell and Jones claimed to be the regular nominees at the last November election while their opponents were independent Republicans. It was the most exciting election held here in many years and the people of that county are greatly wrought up over it.

The Senate committee on charitable institutions, after a visit to the Kentucky Institute for the Blind at Louisville, decided to recommend an appropriation of \$15,000 for the school.

Three trainmen on the Northern Central railroad were instantly killed near Seitzland, Pa. While repairing a disabled locomotive an accommodation train dashed upon them.

The entire plant of the Poughkeepsie and Wappinger Falls Electric Railway at Poughkeepsie was destroyed by fire. The loss is \$150,000, with \$80,000 insurance.

The Hustonville Dramatic and Minstrel Co. was organized Saturday with 15 members and elected Prof. R. S. Eubank manager, which insures a company of high entertainers. The company will render society dramas and light comedies together with the biggest and best minstrel festival ever given on the stage. Their opening at Alcorn's Opera House will be in about three weeks, the mere announcement of which will put standing room at a premium.

The Senatorial bill allowing the county courts to appoint road supervisors in each magisterial district is heartily approved by more than 90 per cent. of the voters of this district. Our commercial club will urge Senator Hubble and Representative Alverson to do all in their power for the passage of the bill, succeeding in which a banquet will be given them by the club upon their return home. It is not old fogysm but wisdom, this appeal to our law makers to pass the bill.

The meeting of the Commercial Club Thursday night was attended by 30 members and the reports of the various committees on prospective plants resulted in arranging steps toward incorporating a pants and overall factory to cost not less than \$5,000 and to be established as soon as possible. Books for subscription will be opened this week and parties wanting stock can notify Dr. J. C. Barker. Shares will be \$25. Next meeting Feb. 22 at 7:30 in opera house.

Your recent article on old coins caused Mr. A. B. McKinney to investigate the age and nationality of an ancient product he has owned for many years but which is fairly well preserved, it being nearly 200 years old. It is a Spanish coin made in 1717, during the reign of King Charles III, son of Charles II, and was a great warrior and educator. In 1776 he joined France in sending aid to the revolting colonies in America. The coin bears the coat of arms of his reign and was a part of the money with which the soldiers were paid while assisting our colonies, thereby making it the most valuable souvenir in this part of the country.

Miss Mollie Walden entertained at her beautiful home "Violet Slope" on Friday evening a number of friends at a delightful "Spider Web Party." Among the guests were Misses Florence Tanner, Birdie Eads, Bertha Wallis, D. C. Allen, Thomas Wallis, Bowman Owens, Thomas Eads, Wm. Newell and Mr. and Mrs. S. M. Owens. The amusement of the evening was crystallized when Mr. Allen drew ticket No. 2, which read: Its sweet to be a bumble bee when ere you go a fishing—to which the answer drew "But the violet is the only flower for which I'm always wishing." An elegant menu of all the delicacies of the season was imitatively served and greatly enjoyed and the evening will be long remembered by all present.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." "The most sensational turf scandal of recent years was revealed last night says a New York dispatch, when it became known that E. E. Delmar, beat Lou Dillon. The gold cup, worth \$5,000, which Smathers won at that time, has been taken by a deputy sheriff out of Smathers' suite in the Pierrpont, and is now in the Sheriff's office."

Twice-Told Tales.

Some tales never lose in the telling, and the tale of good that Dr. Caldwell's (laxative) Syrup Pepsin will, and does do, to all poor, dyspeptic, bilious sufferers, is one of them. Horses brought from \$40 to \$100, buggies \$20 to \$50 and drummers' wagons \$50 to \$75. Three livery firms from Semerset were represented. Store has a small stock of drugs and groceries and post-office connected with daily mail. There is a splendid two room tenement house on farm conveniently located. Farm consists of 75 acres. PROF. J. W. IRELAND and his teachers went in a body to Danville Friday to attend the Tri-principals' meeting. Prof. Grinstead and his efficient corps of teachers were at their best and made the meeting a most delightful one. Each teacher spent some time in the grade in which she is most interested, and to say that this exchange of ideas is beneficial hardly expresses it. At 2 o'clock the visitors and pupils were conducted to the chapel when Prof. Ireland gave an excellent talk. His subject was Viciousness, Vagrancy and Venality, and he handled it in a manner that was highly pleasing to his hearers. This is the last meeting of the season but it is to be hoped the good work will be taken up next year and go on indefinitely.

MATRIMONIAL.

Lee H. Whiteaker, aged 17, and Lizzie O'Neal, 21, and A. J. Parker, 68, and Jane Martin, 46, were married in Laurel county.

Representative Nicholas Longworth, of Ohio, is ill at his mother's residence in Washington, but it is stated that his illness is not regarded as serious.

The marriage of Mr. Robert C. White to Miss Catherine Frances Horton last Saturday afternoon at Lancaster was the culmination of a long and happy courtship. The ceremony uniting their destinies was performed by the bride's brother, Rev. B. C. Horton, of Millersburg, in the presence of only a few intimate friends. On account of a recent death in the bride's family they preferred to be married very quietly and but few knew of their intention. Of the bride too much good can not be

said. For several years she was employed in this office and we came to know her well and favorably. Of a gentle disposition, modest and refined, she will make the man who has won her an ideal wife. The groom is a sober, industrious and substantial business man and will no doubt prove worthy to be the husband of so deserving a young woman. The writer shall always feel a kindly interest in "Miss Callie" and trusts for her and hers a happy voyage throughout life's journey. After a week in the South Mr. and Mrs. White will return to their home in this county, where the best wishes of their friends will ever attend them.

J. L. Beazley, sold two horses yesterday, one for \$300 and the other for \$175.

J. C. Bailey sold a brown gelding here yesterday at a fancy figure.

Mr. Patton served as postmaster at his late home for two terms and had not long been out of office. About four months ago he lost his wife and never seemed to rally from her death. DWELLING BURNED.—Mr. James N. Cash's residence burned about 2 o'clock Saturday morning, with considerable of its contents. It is not known how the fire originated but it was first discovered in the kitchen. The loss is about \$1,500, with no insurance.

AN immense crowd attended the sale of J. H. Boone's livery outfit Saturday and reasonably fair prices were realized. Horses brought from \$40 to \$100, buggies \$20 to \$50 and drummers' wagons \$50 to \$75. Three livery firms from Somerset were represented. It is with general regret that the people here give up Mr. Boone and his excellent family.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ill men who endeavor to economize time at the expense of their health.
A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.
In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Defies Time.

One the most beautiful women in America defies the ravages of time by simply keeping her blood purified with Dr. Caldwell's (Laxative) Syrup Pepsin. It will do the same for you. If taken at the least sign of bowel, liver or stomach trouble, it will prevent all kinds of sickness, keep your circulation clear, and your skin and complexion as fresh and pure as in childhood. Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.

At Rockdale, Tex., W. S. Poole was shot and killed by W. J. Harris. They were night watchmen, and the tragedy is said to have been due to jealousy.

W. E. Cox seems to have a majority over W. T. Zenor for Congressman in Southern Indiana, and it is claimed he will receive the nomination.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first systems of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

A Woman's Martyrdom

Is too often her own fault, simply because she won't take sufficient trouble to try a medicine that so many thousands of women enthusiastically recommend, viz: Dr. Caldwell's (Laxative) Syrup Pepsin. This bland, soothing, curative medicine, regulates disordered functions of stomach, liver, bowels, etc., and soon restores sick women to perfect health. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

Daniel J. Hagerty committed suicide in Louisville within a few hours after attending mass. He played on the piano for a few moments, then blew out his brains with a revolver.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands, at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 10,000 acres to the tract and prices from \$5 per acre to \$10 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these lands subject to a cash withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for purchasers to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
